LINKMYCAMPUS | PRACAD TECHNOLOGIES

ONBOARDING TEAM MEMBER AGREEMENT

Campus user onboarding, pay per qualifying user

Member name: _____ **Phone number:** _____

Member ID: _____ **Start date:** _____

1. **Role.** The Member helps OAU students download LinkMyCampus (LMC) and set up their accounts, through physical and direct onboarding.
2. **Payment.** NGN 50 for every qualifying user. There is no individual target and no upper limit per Member.
3. **Qualifying user.** A student onboarded through the Member's code who completes their profile, follows LMC's on-platform profiles (the last step of onboarding), and is active on at least 3 days within their first 7 days. Duplicate, fake and unattributable accounts do not count.
4. **Onboarding budget.** The onboarding budget is NGN 100,000 in total. A place in the budget is reserved when a user completes their profile. When the budget is fully reserved, all onboarding activity ends. Users already reserved are still paid once they qualify.
5. **Payout.** Paid weekly for users who have qualified by that date.
6. **Tracking.** LMC gives the Member a unique Member ID and code. LMC's records are the basis for all counts, and the Member may request a weekly summary.
7. **Conduct.** No fake or duplicate accounts, and no paying users to sign up. Violations cancel all unpaid earnings and end this agreement.
8. **Duration.** From signing until the onboarding budget is used up or LMC ends the programme with notice.

Signed by both parties, who agree to the terms above.
